

# SATISH KUMAR

Front End Developer | Next.js & Wordpress  
thesatishjassal@gmail.com | +91-7888467258 | Jalandhar City

## EDUCATION

---

Govt Arts & Sports Collage  
Computer Science: BCA

Jalandhar City  
May 2013 - July 2017

## EXPERIENCE

---

### Embien Creative Ltd | Front End Developer

Jalandhar City | 15-Sep-2020 - 10-Oct-2023

- **React.js Components:** Designed and developed modular, reusable components for multinational companies, including Norweld and JointReflex, using Chakra UI and Material-UI for responsive, optimized interfaces.
- **UI/UX Design for Web and Mobile:** Created intuitive UI/UX designs for web and mobile applications, transforming them into responsive HTML and React.js components for enhanced user experiences.
- **Mobile App Development:** Developed a cross-platform app using React.js and Ionic to deliver seamless, consistent functionality across devices.
- **Performance Optimization:** Enhanced site performance and accessibility through lazy loading and memoization techniques.
- **Team Collaboration:** Worked closely with back-end developers to troubleshoot and refine UI elements, ensuring cohesive integration.
- **Deployment & QA:** Managed deployments via GitHub and conducted rigorous testing to ensure responsiveness and quality.

### CQLsys Technologies | UI Developer (Freelancer)

Jalandhar City | 21-Sep-2020 - 05-Feb-2021

**Converted UI/UX designs:** Converted UI/UX designs from Figma, Photoshop, and Adobe XD into responsive HTML and React.js components, optimizing for performance and accessibility. Developed and maintained responsive sites, collaborating with back-end developers to troubleshoot and refine UI elements. Managed deployments on GitHub and ensured quality through rigorous testing.

## SKILLS

---

Programming Languages: Javascript  
Libraries/Frameworks: React Js, Next Js, NodeJs  
Tools / Platforms: Github, Vercel, VS Code, Npm, CICD, React query, Chakra UI, Wordpress, Woocommerce, Shopify, Elementor Pro Builder, divi theme  
Databases: Mongo DB

## PROJECTS / OPEN-SOURCE

---

### Patient Management System | [Link](#)

*Nextjs, Nodejs, MongoDB, MUI, Figma*

- Implemented user authentication for **Admin**, **Receptionist**, and **Doctor** roles.
- Enabled **appointment booking** via patient **mobile numbers** or **Patient IDs**.
- Facilitated **viewing of patient details**, **appointments**, **prescriptions**, and **monthly reports** for doctors.

### Bouboulena Clone | [Link](#)

*Next Js, React Query, React Js, RSuite, Axios*

- Developed a **video management feature** for a **client's marketing landing page**, showcasing **marketing videos** by category on the home page.
- Created a **reusable video component** with parameter passing for dynamic content rendering.
- Implemented a **loader** to display while videos are fetched from the API, enhancing user experience.
- Utilized **React Query** for **data caching** and automatic **refetching**, improving site performance and responsiveness.
- **Optimized the mobile front-end** with **horizontal scrolling** for a seamless user experience across devices.

### Devcamper | [Link](#)

*NodeJS, Express Js, MongoDB, REST*

- **Developed a backend API** for the **DevCamper** application.
- **Designed** to manage **bootcamps, courses, reviews, users, and authentication.**
- Enabled **efficient data handling** and **user authentication** within the application.
